CHALLENGE
Solution to enable Bals to comply with the demanding regulations for E-mobility charging systems.

SABIC SOLUTION
SABIC supported Bals during their design phase with a material recommendation to be considered for evaluation, in order to fulfill its stringent requirements. Typically balanced property profile and enhanced surface appearance. Quick sampling and color matching.

SUSTAINABILITY SOLUTION
Weather-resistant, durable, robust, for long-term outdoor-use. Can contribute to future sustainable transportation solutions.

BALS

VALOX™ RESIN (PC/PBT BLEND)

PELLETS
POWER PLUG
ENABLING ELECTRICAL VEHICLES
FLAME RETARDANT
